

## Trustee Recruitment

### We are recruiting up to 3 new trustees

We are passionate about our work and welcome applications from likeminded people living or working in South Somerset

Citizens Advice South Somerset is a local charity that was established in 1961. Our work helps people to prepare for, and manage through, key life events and change through delivery of a range of projects and services:

You will join an existing Board (currently 8 members) who provide the strategic leadership, support and oversight necessary to sustain the service and ensure our team meet the advice needs of local people now and into the future.

On average we help over 6,000 people each year and this year is no exception. The very challenging public health pandemic and its impact on the local economy means that now more than ever local people need our help.

As a trustee you will get a fantastic insight into the work of the organisation and all the systems and controls necessary to run an effective and impactful charity.

We are particularly keen to achieve a more diverse Board of Trustees and welcome applications from all sections of the community. These are very rewarding roles and in return for your commitment and time we offer support, training and reimbursement of out of pocket expenses.
